STRIKERS THREATEN TO USE DYNAMITE

Troops Going to Croton Dam to Carry Three Days' Rations and 100 Rounds of Ammunition.

whether the city of New York has the right to send a body of armed policemen up to the Croton Water Dam to protect the property.

FIRST BLOODSHED.

Blood was shed in an early morning skirmish between strikers and deputies. A party of strikers dashed out to cut a cable near the Suspension Bridge.

Twenty deputies under Angelo Rohat charged them. From the hill above the strikers showered rocks upon the deputies. All along the Aqueduct a fusillade of shots rang out.

Two deputies fell in the charge. Deputy Doyle's ankle was crushed by a boulder rolled down from the dam. Deputy Berwick's skull was cracked and an arm broken by the flying rocks.

Women armed with clubs marched in bands through the strikers' lines. Some had drums. They danced and howled encouragement to the men.

Human and fusillades of shots marked their circuit around the summit of the dam.

A force of 100 strikers had moved down from the dam to the bridge entrance on the south river bank.

A dozen Winchesters gleamed in the mob. Others were armed with revolvers and clubs. One man did sentinel duty carrying a sabre of ancient make.

No attempt was made to dislodge the strikers.

SOLDIERS ARE NEEDED.

When Sheriff Molloy saw the Winchester he said: "That calls for militia."

The number of deputies was increased.

CAUGHT IN FIERY MINE.

Miners Barred from Escape by Wall of Flame.

PITTSBURGH, April 14.—A number of miners, estimated at from two to sixteen, are imprisoned in the Essen No. 3 Mine at Hamline Station, behind a wall of flame and smoke.

They were caught yesterday by the fire, and all last night men fought the flames and women waited in helpless agony about the pit mouth.

State Mine Inspector James Hink, of Idewood, is on the scene, and has very little hope that any of the men will ever come out of the mine alive. The smoke and gas have probably done their deadly work ere now.

The Essen Mine is fourteen miles from Pittsburgh, on the Pittsburgh, Chartiers and Youngshewy Railroad. It is owned by the Pittsburgh Coal Company.

WILL ISSUE AN ULTIMATUM, IT IS SAID, ON RUSSIAN EASTER

By Associated Press.

ST. PETERSBURG, April 14.—The Czar and Czarina started last evening for Moscow.

Extraordinarily persistent rumors are current in Moscow that on Russian Easter Sunday the Czar will issue a manifesto containing an ultimatum to Great Britain commanding that she conclude peace with the Boers forthwith under threat of occupying Cabul and Herat if Great Britain fails to comply.

This report is connected with the fact that no Reservists are at present allowed to take unlimited leave, but probably the orders to the Reservists are connected with the projected summer manoeuvres in the central provinces in which 200,000 troops will participate.

Emperor William is expected to be present.

(The above report by the Associated Press is printed with reserve. The Evening World has so far been unable to confirm it.)

BOER WAR REPORTS.

Bloemfontein Hard Pressed for Water and British at Rouville Pushed.

LEEMOKOP, southeast of Bloemfontein, Monday, April 9.—The Boer command which is still in the southern district and which it was feared had been cut off, has rendered a good account of itself with the Beaufort police who had invaded the Orange Free State.

Four British scouts who were captured to-day say that Bloemfontein is hard pressed for water. They add that all the private wells were guarded, and civilians were not permitted to use them until the troops were supplied.

Commandant De Wet has received a report that the British who fled from Smithfield southward were severely punished by the burghers of Rouville.

News received here from Johannesburg Drift says a British force of about one thousand men, mainly composed of Brabant's Horse, with Gen. Brabant commanding, is surrounded at Robertson's Mills, with a remote chance of relief or effective resistance.

The British force at Robertson's Mills is the force of colonial troops previously referred to as surrounded by the Boers at Wepster.

BRYAN MEN GREET HIM

Dewey Welcomed Into the Party as a Democrat.

CHICAGO, April 14.—Bryan Democrats have decided to welcome Admiral Dewey into the Democratic party. Such is the position officially outlined in to-day's issue of the Democratic press bulletin.

"We may accept the Admiral's declaration of his political faith as indicating that he is with the Democratic party at least on an overwhelming majority of the issues it has taken up," runs the article, which is written by Willis J. Abbott, head of the Democratic Literary Bureau.

"This is a most gratifying fact," the article continues. "It indicates that should the Democratic party, after mature deliberation, deny to the Admiral the nomination which he seeks, it may nevertheless, count on his hearty cooperation and his influence in behalf of its efforts to end the evils of imperialism by ending the reign of William I."
